Gratitude Collage

Health and Wellness Services is planning an outreach event for the month of November that we are inviting your class or group to collaborate with us on. Our plan is to create a “**Gratitude Collage**” to be displayed in the Memorial Union during the entire month of November. Upon your request, we can provide your class or group with preprinted cards for each person to write what they are grateful for. You can keep these cards basic or get very creative with crafting materials! We would then ask you to return the cards to Health and Wellness Services (located on the 3rd floor of the Center for Student Success, or drop them in campus mail) by Thursday, October 28th so the cards can be used to create the collage.

Additionally, we will also provide you with some educational material about the mental health benefits of gratitude for you to share with your class or group as they complete the project. We are able to provide you with as many cards as needed and hope to have as many participants, classes, and groups involved as possible. If you would like to participate, please send me an email to Jess Albin (jkalbin@fhsu.edu) stating how many cards you need and where they can be delivered to. Thank you!

Majors and Graduate Programs Fair

The Majors and Graduate Programs Fair is a come-and-go event that showcases all academic areas at FHSU. The fair will have representation from every academic department, Graduate School and the Academic Advising and Career Exploration Center in one location to answer academic inquiries for current FHSU students.

This is a great opportunity for students to gather information to assist them in their educational planning. A well-developed educational plan allows our students to use the knowledge and resources of today to help them plan the future they want. While a student's major gives them direction, the Majors and Graduate Programs Fair can provide a greater understanding of additional educational opportunities that can increase their marketability (certificates, research, graduate school).

If you would like to have your class attend the event as part of a course expectation or extra credit opportunity, attendance tracking is available. Please email your name, course name and section number to n_brown2@fhsu.edu and you will receive a list of students that attended from your class.

We strongly encourage students to complete the FHSUMajors.com assessment prior to attending the event. This is a free assessment available to all enrolled students. It is accessible in Workday in the MyFHSU application under Academics.

For more information and flyers go to <https://www.fhsu.edu/aace/majors-and-graduate-programs-fair/> or <https://www.facebook.com/aacefhsu/>.

Thank you,

-Nikki Brown, Assistant Director, Academic Advising and Career Exploration Center

EVENTS

Leaderful Women: Becoming a Person of Influence

Thursday, October 14th, 9:00am – 12:00pm

FHSU Memorial Union – Stouffer Lounge

Price: \$119 (Hays Chamber & FHSU Alumni discount available)

Researchers have found that women tend to have distinct leadership styles. In fact, women in the workforce have unique opportunities and challenges not always shared by their male peers. Funneling natural female strengths into action can create tremendous opportunities for women to be successful in the professional world, and becoming a stronger leader is not necessarily correlated with a certain title or position of authority. While some people may acknowledge gender bias and discrimination exists in the workplace, it is important to recognize when our own assumptions, triggers or other behaviors prohibit effective leadership. In this workshop, we will cover how women can utilize their natural talents to project a more confident and energizing attitude, thus enabling coworkers and peers. Furthermore, we will discuss strategies to aid you in your own professional journey.
